TWENTY-EIGHTH ANNUAL MEETING

OF THE

CONVOCATION OF THE MISSIONARY DISTRICT OF HONOLULU

ST. ANDREW'S CATHEDRAL

MARCH 1, 1930

Morning Session—11 o'Clock

The Twenty-eighth Annual Convocation of the Missionary District of Honolulu opened with a celebration of the Holy Communion in St. Andrew's Cathedral at 11 o'clock, on Saturday, March 1st, 1930. The Right Rev. S. Harrington Littell, S. T. D., Bishop of Honolulu, was Celebrant, the Rev. D. D. Wallace, Gospeler, and the Rev. James Walker, Epistoler.

Afternoon Session—2 o'Clock

The Convocation assembled for business in Davies Memorial Hall, St. Andrew's Cathedral, at 2 o'clock p. m., March 1st, 1930.

The meeting was opened with the Rt. Rev. Hugh L. Burleson, D. D., Bishop of South Dakota, and formerly the Acting Bishop of Honolulu, occupying the Chair and he addressed the Convocation as follows:

My temporary occupancy of the Chair as we open the Twenty-eighth Annual Convocation of the Missionary District of Honolulu is not mere convenience, nor is it a courtesy paid to an older Bishop. It is a sign of the continuity of oversight and responsibility on the part of the Church whose children we are. Two principles have been recognized and acted upon by the Episcopal Church; first, that the Church was as wide as the Nation and as omnipresent as the flag. There was no forgotten corner nor lonely island peak which was not, theoretically at least, under the charge of some Bishop. It was this which, nearly a hundred years ago, made necessary the establishment of a Missionary Episcopate. The first missionary Bishop was not sent to far lands and strange

peoples, but to the great and rapidly growing northwest of our own United States.

The second principle was that this Episcopate never failed nor ceased to operate. Upon the death of a missionary Bishop the jurisdiction which he had exercised passed immediately and automatically to the Presiding Bishop until a successor was appointed and installed. The Presiding Bishop either took the oversight himself, or appointed some Bishop as his representative, but the Missionary See was never vacant. It had always a Bishop in charge.

Acting upon these principles it now becomes my joyful duty to transfer the charge laid upon me by the late Presiding Bishop into the capable hands of him whom the Church has called and commissioned and empowered as your Father-in-God. May he serve you long with diligence and zeal, guiding and ruling the affairs of this Diocese with justice, wisdom and lovingkindness.

And to you, my brother beloved, I feel sure that I may pledge in advance the loyalty and the love of your clergy and people. I have found among them warm hearts and generous hands; already I feel myself deeply entangled in their affections. They have been very gracious and delightfully kind to their Bishop pro-tem, and I am sure that they will draw into an even closer comradeship of love and service, him who is to be their very own.

They seek and desire leadership. There are many among them who realize the great possibilities of this island diocese. May the good vision be realized in the coming days.

I take as my own the words of St. Paul to Timothy: "Stir up the gift which is in thee by the laying on of my hands," and also stir up the grace that is in *them* through their discipleship in Christ Jesus, through the ministries and the sacraments of His Holy Catholic Church.

Let Us Pray

After prayers the Chairman turned the meeting over to the Rt. Rev. S. Harrington Littell, S. T. D., Bishop of the Missionary District of Honolulu, and President of Convocation.

Bishop Littell took charge and thanked Bishop Burleson for his interest in the work of these islands and for his kind remarks.

The President announced that part of the annual address which is a summary of the past year's work would be given by the former Acting Bishop of Honolulu, the Rt. Rev. Hugh L. Burleson, D.D., and that it would be delivered at the 11 o'clock services in St. Andrew's Cathedral on Sunday morning, March 2d, 1930.

The Committee on Memorials made the following report:

Report of the Committee on Memorials

Honolulu, T. H., March 1, 1930.

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

Gentlemen:

Your Committee on Memorials wishes to report, that during the past year, one member of the Clerical staff of the Missionary District of Honolulu, has passed to the life beyond.

We therefore wish to offer the following resolution:

Resolution

Woo Yee Bew, Priest

Whereas, It hath pleased Almighty God, in His wisdom, to call to his rest the soul of our beloved co-worker, the Rev. Woo Yee Bew, Priest of the Missionary District of Honolulu, therefore, be it

Resolved, That we, the members of this Twenty-eighth Annual Convocation of the Missionary District of Honolulu, place on record our sorrow at the passing from this life of a loyal servant of our Lord Jesus Christ; be it further

Resolved, That the name of Woo Yee Bew, Priest of the Missionary District of Honolulu, be placed upon the memorial page of the Journal of Convocation; and be it further

Resolved, That a copy of this resolution be spread upon the minutes of this Convocation, held this first day of March, 1930.

Your Committee wishes further to commemorate the names of the following faithful Christians, who have toiled in the vineyard and now rest from their labor:

Elizabeth Wallace, beloved wife of the Rev. Canon D. D. Wallace of Kona, Hawaii.

Walter Emory, communicant of St. Andrew's Cathedral, member of the Council of Advice and for years a delegate to Convocation.

James Wakefield, communicant of St. Andrew's Cathedral, for many years a loyal and helpful committeeman and member of Convocation.

Bernice Parke Walbridge, communicant of St. Andrew's Cathedral, faithful benefactress of her own Parish, the charities of the City of Honolulu and of the Missionary District at large.

Charles Akau, communicant and faithful Vestryman of St. Andrew's Hawaiian Congregation.

Mary Stetson, communicant of the Church of the Epiphany, Kaimuki, teacher in the Mission schools, loyal and faithful member of the Woman's Auxiliary, died at the advanced age of 92, in the King's Daughter's Home.

Respectfully submitted,

James F. Kieb.

The resolution was unanimously passed by a rising vote after which the President offered prayers.

The President appointed the following Inspectors of Election: The Rev. James Walker and Rev. F. N. Cullen for the Clerical vote and Mr. Yap See Young and Mr. L. M. Vetlesen for the Laity.

The question was raised about sending delegates to the meeting of the Synod of the Pacific which is to meet on May 7th. Bishop Burleson stated that he represented the District of Honolulu last year and that he felt it to be very important that this District should take a greater interest in the activities of the Province; that he hoped someone would attend the Synod for the reason that we here need the general Church and the Church needs us.

A motion was made and carried that the Bishop appoint delegates to the Synod later.

The Bishop made the following nominations:

Chancellor—Mr. Arthur G. Smith.

Registrar—Mr. Robert Catton.

Board of Examining Chaplains—Canon J. F. Kieb, Rev. F. N. Cullen, Rev. H. H. Corey.

Reports of Standing Committees were then called for.

REPORT OF THE BOARD OF EQUALIZATION

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

Gentlemen:

Your Board of Equalization promised last year to send out early a memorandum of the apportionment for Missions, which was done the early part of January. This year the Board attempted to make out this schedule on the same basis that the Board in New York uses to make the apportionments for the Missionary District of Honolulu which is figured on the amount of money that each Parish or Mission spends, raised by themselves, for their own Parish expenses. This could not be done exactly as the reports of the different Parishes and Missions does not always show this figure. However, there has been an equalization of the apportionments taking some of the excessive burden away from one and putting it on those whose portions have been far too little in the past. It is impossible to please all but we believe that the appor-

tionments as listed are much more equitable than those used last year. The apportionment for Convocation expenses has not been changed. The list is as follows:

	For Missions	For Convocation Expenses
St. Andrew's Cathedral Parish	$5,240.00	$350.00
St. Andrew's Hawaiian Congregation	700.00	52.50
St. Peter's (Chinese), Honolulu	660.00	29.25
St. Clement's, Honolulu	700.00	52.50
St. Elizabeth's (Chinese), Honolulu	300.00	17.50
Epiphany, Honolulu	350.00	17.50
St. Mary's Mission, Honolulu	125.00	7.00
St. Mark's Mission, Honolulu	125.00	6.00
St. Luke's (Korean), Honolulu	135.00	11.75
Holy Trinity (Japanese), Honolulu	150.00	11.75
Good Shepherd, Wailuku, Maui	255.00	29.25
Holy Innocents', Lahaina, Maui	110.00	17.50
St. John's, Kula, Maui	25.00	7.00
Holy Apostles', Hilo, Hawaii	200.00	22.25
St. Augustine's, Kohala, Hawaii	160.00	11.75

REPORT OF THE COMMITTEE ON RELIGIOUS EDUCATION

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

Gentlemen:

In the statistical tables found at the end of this report we find that the enrollments of our church schools for the past year show a loss of eighty-two pupils. Of the twenty-five schools but seven

have gained in enrollment over the previous year, the largest growth being that of Holy Apostles, Hilo, which has an increase of thirty pupils. The Rev. Mr. Martin of Kauai reports two additional classes in Waimea and Makaweli which have increased the enrollment by twenty-seven pupils. There are now enrolled in our church schools 1,568 pupils, 713 of whom are boys and 855 girls. From the fact that we are not holding our own in the matter of enrollment, it might be well to state some of the reasons given for the loss in attendance. In one report it is stated that the enrollment given for 1928 was 25 pupils in excess of what were actually registered. This stresses the fact that if we wish to reflect the true condition of the Church's work, we cannot be too careful in the statements forwarded in our yearly reports.

Due to removals from the district is another reason given for loss of pupils. One report stated that Japanese language restrictions had taken 20 pupils from the church school. Indifference of parents is another reason for irregular attendance. In two cases Buddhist activity was reported as reasons for losses and also the competition of other religious bodies. In one case the reason for loss in enrollment was due to lack of time to properly supervise parish work which hindered the work in the higher classes. Inadequate class rooms and the difficulty of securing teachers is another problem that has confronted several.

On the other hand it is a pleasure to note that in one church school the membership was doubled during the past year by the introduction of the Child Nurture systems of lessons. Better equipment has been the means of increasing registration in another of our schools. Gains on Kauai are also due to week day religious education.

In our eight day and boarding schools it is encouraging to note that every school shows an increased enrollment, there being 159 pupils over that of last year. The largest is that of St. Andrew's Priory which is 33. St. Peter's has added a day school of 27 pupils where the teaching is carried on in Chinese.

Judging from the numerous methods of teaching employed in our church schools this committee suggests that it might be of mutual helpfulness if an opportunity were given during the coming year for an exchange of ideas among those conducting church schools with the end in view of seeking to establish a more uniform course of study for it appears from the reports that some methods are more successful than others.

The Committee again wishes to stress the importance of a new lectionary for use in day schools as the lessons designed in the prayer book are often not within the understanding of the pupils.

The following equipment is greatly needed:

Trinity Church needs larger quarters and modern equipment for its day school.

St. Luke's Mission is in need of hymnals and Holy Cross Catechisms.

Maps, charts, kindergarten material and chairs to take the place of the benches now in use at Paauilo Japanese Mission are badly needed.

New prayer books, hymnals and Bibles are needed at St. Mary's Mission.

All Saints at Kapaa reports the need of literature suitable for children.

For its church school, St. Andrew's Hawaiian should be equipped with a good hall, with piano and hymnals. More teachers are needed, and a man to act as Superintendent, as the Priest in charge holds service at the same time the church school is in session.

St. Mark's Mission needs equipment for both the kindergarten and the boys' work in the church school. An electric stove is also a necessity.

St. Andrew's Cathedral Parish is in need of a new church school building.

Respectfully submitted,

THURSTON R. HINCKLEY,
D. R. OTTMANN,
ROY BANKS,
SARAH F. SWINBURNE.

REPORT OF THE COMMITTEE ON LEGISLATION

No report.

REPORT OF COMMITTEE ON SOCIAL AND MORAL CONDITIONS

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

Gentlemen:

Your Committee on Moral and Social Conditions wishes to report, that since the last Convocation of this District, we have the pleasure to relate the passing, by the Legislature of the Territory, of the Gin Marriage Law, which we feel was the outcome more or less of certain agitation which we, as a body, started with regard to the laxity of the marriage question. We regret much that a better name had not been found for this statute, but as long as it accomplishes the end for which it was passed, we gain, in that the requirement of three days notice before marriage must be given and that one official has been appointed, whose business it is to take the affidavits, instead of a host of license mongers, who

were willing to issue permits to any and all day or night. This prevents hasty and unprepared entrance to matrimony and although the number of divorces granted by our local courts have not decreased, we must wait with patience the results of this excellent statute.

At the time of the meeting of the Convocation of 1929 the entire community was much riled by an extraordinary outbreak of sex crimes. Steps were then being taken for the proper legislation to prevent or abolish this condition as far as possible. Through the influence of many prominent women of Honolulu, the Legislature, then in session, was petitioned to frame and pass a statute against such crimes. A measure known as "The Whipping Post Bill," came before both Houses and failed in the final reading. We feel, however, that this agitation, together with an attempt to pass a restraining measure, has had the effect of a deterrent, although we have record of many shameful outrages during the past year.

The nation-wide issue of prohibition is meeting with no greater success in our fair islands, than it seems to be having on the mainland. Violators of the 18th Amendment are quite so common, that men of conscience, seem to have no scruples in the violation of the Constitution. According to the police reports of the city, 221 violators have been indicted, but only 145 convicted. This disorder is not confined to the lower sections of the city only, but obtains conspicuously in many of our best residential districts. The President of the United States in his heroic efforts to enforce the 18th Amendment, deserves the encouragement and support of all organizations working for the uplift and betterment of the people.

The major crime offences of the past year according to police records have been somewhat on the increase over previous years. This may be due to the fact, of the growth of the city and the coming in of a certain element, whose business is lawlessness. Gambling, not only amongst Orientals but Occidentals as well, heads the list to the number of 1,560 arrests, with 1,275 convictions. We regret that nine murders disgrace our records for the past year, most of these being due to drunkenness, or with the intention of robbery. We are not and probably never will be free from the prevalence of sex disorders, and as long as the gang element and unemployment exists, together with ignorance and shiftlessness, our progress toward betterment will doubtless be slow. Within the past several years, there has developed a new phase of gangster disorder. Young men and grown boys in the guise of luggage porters, infest the piers where our great passenger ships land and depart and there mingling with the crowds of decent persons, take vicious liberties with young women and girls

much to the distress of those victimized and to the indignant disgust of the onlookers. This matter has been fought by the police women of the Y. W. C. A., which organization has taken it up with the local police. Special officers have been detailed to duty on the piers, but report failure, as those in charge of the piers, they say, do not forbid these loafers from going on the galleries where the people assemble. We protest—this matter should be stopped at once. It can be and should be; let us therefore hope it will be stopped.

Anyone following the headlines of our local papers, would be convinced that there has been much petty thieving and housebreaking during the past twelve months. Many of these cases have been traced to youthful gangsters, both male and female, who avail themselves of the flimsy camplike construction of many of our dwellings, especially in the Waikiki district and make their hauls with little effort and less courage. The records show as many as six and eight burglaries in a single night. We ask, why this inconvenience and disgrace; the answer doubtless is this, laxity of law enforcement and extreme leniency in crime punishment. In an article in the Honolulu Advertiser, of recent issue, Edgar Wallace, noted English novelist, detective and crime specialist, makes this fair and clear statement, that the crime torrent now sweeping the United States, can never be checked, until the laws of the United States are revised and brought up to date; that the States should agree between themselves as to laws for the punishment of crime and that the punishment be—with less sentimental mildness. In line with this we quote from the Report on Prisons of the Attorney General of the Territory, Harry R. Hewitt, which he made recently to the Governor, the Hon. Lawrence M. Judd: "In the majority of cases court sentences for crime in Hawaii are woefully inadequate, even when the law itself permits an adequate sentence; and "in the administration of Oahu Prison, one should always place the welfare of the community above that of the prisoners." The Committee feels that these criticisms apply pertinently to conditions in Hawaii and that efforts should be made to remedy the same.

Juvenile supervision and correction is becoming a most vital question in every quarter of Honolulu. Children of school age are seen in groups on the streets during school hours. May we ask why this condition obtains, when there is a compulsory school law? Along with this, the development of profanity and obscene language being used by children of all ages, who attend our public schools, is cause for alarm. Why under the present condition of permitted religious training in our schools, does this condition exist? Might it not be better, your Committee suggests, to have less catechism and sentimental Bible stories and more real sound moral training as to what lying, stealing, profanity and obscenity

really mean? We would here suggest a crusade under the united efforts of the school authorities, the Y. M. C. A., Boy Scouts and other organizations, which have the proper upbringing of youth as their chief object, to crush this growing viciousness before it is too late to mend the evil done.

The new fangled idea of some pedagogues, of allowing the child freedom of expression, might be questioned, considering the fact that discipline and training have much to do with the moral development of the young. It is hoped that this attitude of training children in the moral way, will be considered seriously by our own pastors and teachers, who have such work assigned to them.

No one disputes the fact that the greatest teaching adjunct of the modern day, is the motion picture. Be it said, however, that children are permitted to witness scenes and incidents which in these renowned thrillers, excite and distort the imaginations of youth. The question is often asked, why this board of censorship, which we see so widely advertised on the screen before the showing of the picture, is so lax in what they think fit for the public to witness. England and Japan, as we understand, are making special efforts to eliminate such pictures as they think misleading or questionable. It might be for great good if our own government would follow the example of these two leading nations.

It is estimated that there are 30,000 automobiles on the island of Oahu. This necessarily means great congestion of traffic in the narrow streets of our city, which during the past year has caused an overplus of auto accidents wherein, over 1,000 were hurt and 48 killed. The police records show the arrest of 10,000 drivers most of whom were men, a very large proportion being between the ages of fifteen and twenty-five. Drunkenness has contributed its share to the extent of 204 convictions. We wish to reiterate the suggestion which we made in our last report, that all owners of automobiles should be compelled by law to carry liability insurance.

In closing this statement of plain facts may we be permitted to brighten its somberness in expressing our appreciation to the Governor of the Territory for the establishment of the Crime Commission which we hope will solve many of the problems we are forced to deal with in our community. We wish also to express our gratitude to the earnest women of our city, for the stand they have taken, for moral cleanness and justice; to the many members of our local bar association for their sympathetic en-

couragement and direction and to the citizens who desire better government for these islands.

Respectfully submitted,

JAMES F. KIEB, Chairman;

St. Elizabeth's Mission, Honolulu

At St. Elizabeth's Mission Church, Palama, the services have been attended with the same loyal and faithful devotion, with which the Congregation always attends to their religious duties.

The year has been somewhat broken up by the going to the mainland of the Priest in Charge, on account of business, resulting from the death of his Sister in August last and the leaving of Rev. Woo Yee Bew for China, before the pastor's return, the work falling to the care of kind strangers. The services may not number as many as last year, but upon actual count the Communions number more. The Christmas and Easter Communions going beyond previous years.

St. Elizabeth's Sunday School numbers about 80, with a regular attendance of 65 to 70 and many of our children no longer live in our district, but come from Kaimuki and Kalihi. We have a very capable staff of well trained teachers. Five of the seven being department teachers.

The school is graded, with a kindergarten, grade and an advanced class in Catechism, Church history and Bible, under Miss Laura E. Brown of Kamehameha School, who also has charge of the Church music.

One of the most important features of our work is the Day School, which numbers some 80 small boys and girls of the immediate neighborhood. We have eight distinct nationalities under two well trained teachers. We are glad to report the return of our faithful teacher, Helen Tyau, who was forced to rest for a spell in China. We recruit children for our Sunday School from the Day School, each year baptizing a fairly good class. Religious instruction is given daily and a regular Church service every Friday.

Our Guilds and Societies have carried out their usual programs for the year, with success and financial gain.

All our regular obligations, assessments and apportionments have been met and paid and each organization of the Mission has a substantial balance in their respective treasuries.

The shock of the death of our well beloved Assistant Priest, Rev. Woo Yee Bew, although a man in very delicate health for many years, came as a great blow to all of us. His place has not been filled, as yet, thus we are rather short-handed in the work.

The Rev. James Walker, Missionary in charge of the Kohala Missions, writes to say: In the district of Kohala, the work is very much the same as last year, though we have lost quite a number of communicants through removals during the past year. But our loss is another's gain. Since the arrival of Mr. Corey at Hilo, ten of our communicants have been transferred to him, one to Paauilo and one to Canada. Now this does not only mean a loss of communicants to the Church, but also a loss to other organizations connected with the Mission district, especially the Sunday Schools.

On the other hand we have not had transferred to this district, any communicants during the last year.

During 1929 much has been done in the way of repairs. The earthquake shock last October damaged the tower which had to be repaired and a new cross made and erected at St. Augustine's Church.

At Makapala an electric light plant has been installed and now both St. Paul's Church and Parish House have electric light.

The work at St. James' Church, Kamuela, is much the same. I visit this part of the Mission district, once each month. At the last service held there, there were 14 present.

The work at the Korean Mission does not grow. The Koreans are gradually leaving the district, and it is only a matter of time when it will cease to be a purely Korean Church.

The Church is now far away from the people, the Koreans having had the land taken from them, but one is hoping that members of other races will be reached in time. Again we are happy to report that all our Churches met their apportionments and Convocation expenses, and that we are free from debt, each Church having a small balance on hand.

From Holy Innocents Church, Lahaina, Maui. The Rev. F. N. Cockcroft there reports the following data:

The work at Holy Innocents has gone on as usual during the past year and amongst other things the Missionary has learned to manipulate the gear shift of a new Ford car which is certainly an improvement over the old style.

He also is meeting two groups of Sunday School children for week during religious instruction, a primary group on Tuesday

and a junior group on Thursday, each period being from 12:30 to 1:30.

The Woman's Guild and Men's Club continue their splendid help both materially and spiritually.

The Rev. Canon D. D. Wallace, from Kealakekua, writes as follows:

My report must be brief. During 1929, the congregation at the three points I officiate have all been good, showing a larger average than 1928, the same, I can say, as regards communions made.

My Sunday School has dwindled down to a very small number, owing to the fact that the children are away at school, some on the coast, some in Honolulu.

The Rev. J. L. Martin writes: The state of the Church in Kekaha is critical. Just when she is showing life, the Hawaiian Board is doing all it can to squeeze that life out. It has been perfectly willing to use the Episcopal Church for the past twelve years; but when she shows some signs of life and growth, it wants to push her out. This is not pessimism nor uncharitableness—it is a plain fact.

St. Luke's Korean Mission Center, Chapel, School and Social Hall, is located in St. Elizabeth's Compound, with the Priest of St. Elizabeth's in charge, assisted by the Rev. Noah K. Cho, Deacon, who acts as the immediate Pastor. Under the energetic and loyal devotion of the Rev. Deacon, St. Luke's has carried on with marked success during this past year. Traces of the old factional disorder come up at intervals, but the good work is little hindered now, by that which once threatened the life of the Mission.

The services of the Church are well attended and the congregation is regular at its Communions, many receiving weekly at St. Elizabeth's at an early hour each Sunday. There is a choral Eucharist in St. Luke's once a month.

The Church School is somewhat larger than last year. The Faith is taught in a plain and simple manner and all the children remain for the Church service. Mrs. Wilson from Cluett House assists in the work of the school, attends to the Church music and holds regular piano classes.

The Korean Language School numbers seventy, with four teachers, who under the direction of the Deacon, teach the Korean tongue and give regular religious instructions each day. The Guilds and Societies are active and the work moves on very smoothly.

The entire Mission building is kept in perfect order, both without and within, but it is sorely in need of paint and a few minor repairs. We hope this may be attended to in the near future.

Rev. J. Lamb Doty writes: Epiphany Mission has experienced a good year as indicated by its parochial report. The Sunday services and the week-day services were better attended than the previous year. About seventy-five per cent more services were held during the year, which included the daily ten o'clock services of litany and intercession for the sick and needy.

There has been a gain of 30 pupils in the Church School, and the average attendance has improved. The outlook for the future is most encouraging and the opportunity is considerable; because of the great number of children in Kaimuki who do not attend any Christian Church School.

The Woman's Auxiliary and Guild, and the Association of Epiphany Men have rendered good service, and the recently organized Server's League of Boys are assisting in the Sanctuary.

During the year 1929 the Woman's Auxiliary and Guild repainted the interior of the Church, and also recarpeted the Sanctuary, the Chancel and the main aisle. Mrs. Harold C. Hill has donated as a memorial a beautiful bronze Sanctuary Lamp and other friends a bronze vestibule lamp. We have also repaired and painted the roof of the Church, and repaired and painted the Guild Hall and put a new roof on the Rectory.

In the Hawaiian Congregation of St. Andrew's Cathedral, I would say all is going well. Every department is hard at work, and I believe joyfully so. Our annual meeting, recently held, was the largest since the present incumbent was Priest-in-charge, and the spirit and reports of work done both augur well for the coming year. Two aspects might be specifically mentioned. All departments helped S. Mark's Mission in attaining its objective—a new Parish Hall. And second, the Hoaloha Young People's Service Club jumped into the breach occasioned by the Priory's summer vacation, and made possible a fine summer choir. I should also mention that the few of the Priory students who remained during the summer were faithful and went right on with their choir work, for which the Priest-in-charge was most grateful.

The year for St. Mark's Mission was a banner one. Through the help of the Diocesan Woman's Auxiliary, our own groups in the Hawaiian Congregation and St. Mark's Mission, sufficient funds were raised to build our new Parish Hall, so long and sadly needed. This building cost a bit over $6,000.00, $5,000.00 of which was raised locally and then the American Church Building Fund came to our rescue with the last needed thousand. Yet, our problem was a complicated one, for we needed, desperately, more ground. Bishop Burleson, our good friend and Brother in

Christ, visited the Mission, saw our need, studied our objective, and agreed to try to give us help from the Undesignated Legacies Fund. It was but a promise but it reaped a reward to the amount of $6,000.00, with which we purchased a little over 11,000 additional square feet of ground. So we now have housing for our kindergarten of approximately 100 children, a suitable place for our visiting nurse and clinic, a lovely place for social events, room for playground development, and altogether a bright outlook. There is much to be purchased yet, requiring considerable money, such as chairs, division partitions, kindergarten equipmnt, etc. But we are thankful, indeed, to all who have helped us, and we work with new zest and added joy.

The Rev. H. A. Willey, from Kapaa, Kauai, writes as follows:

In response to your request for material for your report on the state of the Church I would say that the outstanding feature in our work here for the past year is the building of All Saints' Parish Hall.

The final payment on our building fund debt, incurred in the erection of our church building, was paid early in 1929 and our Church building was consecrated by Bishop Burleson on Sunday, January 20th. After consultation with Bishop Burleson it was decided that our next step forward should be the erection of a suitable building for our Church school and other activities of the Mission. The Parish Hall was opened on November 2. Its cost was something over $14,000.00 of which amount more than $10,000.00 has been paid. The remaining $4,000.00 we hope to pay in the next two years. That the building was a much needed addition to our plant is proved by the use that has been made of it, for instance, our attendance on all activities, clubs, athletics, etc., for the month of January just passed was 2,048.

Paauilo and Papaaloa Mission: The work in this Mission has been carried on very much in the usual way during the past year with services alternating between Paauilo and Papaaloa. The possession of an automobile has facilitated travel between the two places and given greater opportunity for visitation.

Sunday School has been held every Sunday at the Japanese Mission at Paauilo. The hours of meeting have been changed tentatively from 9 a. m. to 2 p. m. to give the missionary opportunity of being present every Sunday and to meet competition from the Buddhist Sunday School which meets in the morning. Sewing classes and parties are held at the Mission during the week.

There have been the usual changes of personnel at the plantation centers with its unsettling effects, but the changes have brought to Papaaloa two good Episcopalian families, one from Kohala and the other from Scotland.

A class of weekly religious instruction has been organized at Paauilo public school and Miss Lydia Chang, Episcopalian teacher, is helping the Priest-in-charge with this work.

The incumbent feels that an increase should be made in his allowance for traveling expenses, as ten dollars a month is not sufficient for the upkeep of his car.

Report made by the Rev. Phillip T. Fukao is as follows:

Sunday School shows a steady increase. Most of the new students come from Buddhist families. The day school is struggling hard but holds its own under the direction of Mrs. Blomfield. Trinity Church is well attended though there is a noticeable change in the congregation—the older members are dropping off and the younger generation, mostly Hawaiian-born, are filling in the gaps. The general outlook for the future is encouraging. If sufficient equipment could be provided Mr. Fukao believes that Trinity Mission could make big strides in Hawaii concentrating its energy upon the young people.

From the Church of the Holy Apostles we have the following report:

There have been 8 baptisms, 3 marriages, 4 burials.

One new Communicant was received from the mainland and four left for Honolulu.

Morning and Evening Prayer have been said daily and a daily Eucharist service is maintained.

Nine candidates await the advent of the Bishop to receive the Holy rite of Confirmation.

There are 154 baptized persons in the Mission district, 30 of whom have not been inside the Church since my coming.

Bible classes, Choir practice, Christian Endeavor, Confirmation classes, and fortnightly meetings of the W. A. are maintained.

The Sunday School has steadily increased from 17 to 39. The Church building has been repaired and put into good condition.

The Priest-in-charge is pleased to report that the work of St. Peter's Church is progressing altho perhaps not as fast as it might be.

During the last year 15 children were baptized, and 19 were presented for Confirmation.

The Sunday Morning services are fairly well attended but one cannot say so well of the Evening services. Three services are held every Sunday as follows: 7 a. m., Holy Communion in English; 11 a. m., the main service in Chinese, and 7:30 p. m., Evensong in English.

Besides Sunday we have two other services during the week, Wednesday and Friday. Wednesday night service is held in the Church, while the Friday night service is held in the homes of members of the Church especially of those who are somewhat lukewarm and indifferent. With the hope of reviving their zeal. I was rather reluctant at first to try this new adventure, but now I find it to be really worth while.

The Chinese Day School under the charge of Mrs. S. W. Chang is going on satisfactorily. At the close of the year there were 25 children attending, which is an increase of eight over last year.

Our Woman's Auxiliary and Guild have been very active judging by the amount of work they have accomplished altho they did not make much noise about it.

The Priest-in-charge is further pleased to state that all our other obligations have been met and the Church is free from debt.

The Rev. A. B. Clark, from Wailuku, Maui, writes as follows:

In this Parish, attendance upon regular service is quite too irregular, and this fact together with the unreadiness to assume responsibility in the work of the Parish, except on special occasions, embarrasses the Minister.

The prospect in the matter of material support is good, but there is danger of the Parochialism. It is my aim to make my ministry and teaching personal, practical and positive.

The Rev. J. B. Webster in charge of St. Clement's reports:

First—I cannot refer in too glowing terms to the Christ-like spirit that prevails through the entire Church. The people are united, sincere, loyal, and seemingly tireless in "good works." The attendance at service is not all I wish it were, but when carefully considered in relation to actual, and not reported communicants, it does not appear to such a disadvantage. We report 199, and this probably could be cut in half and be nearer the actual number.

I am working on the list of communicants at present and find many that have moved away, died, or are in other churches, etc.

Second—The two weakest points in our work are the Young People's Work and the Sunday School. The future is bright, however, in both these departments, as new helpers have recently presented themselves.

It is confidently believed that the next year will see marked improvement in both these phases of our work.

Respectfully submitted,

F. N. Cullen,
James Walker,
D. R. Ottmann.

REPORT OF THE REGISTRAR

To the Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

Since the date of my last report, exactly ten months ago, the only Diocesan Journal received is that of the Diocese of Vermont which will be found laid on the shelf as usual.

Respectfully,

ROBT. CATTON,
Registrar.

Honolulu, 27th February, 1930.

REPORT TO THE CONVOCATION ON ST. ANDREW'S PRIORY

March 1, 1930.

The past year has seen many changes at the Priory both in the personnel of the staff and in developments and improvements chiefly affecting the boarding department of the school. Sister Caroline Mary returned to the mainland last May, and to Sister Clara Elizabeth, who came out in August to take her place, has fallen not only Sister Caroline's work of being bookkeeper and business manager, but also the general oversight of the housekeeping and especially of the culinary department. The kitchen and rear offices had been freshly painted during the summer, and many changes contributing to the comfort and efficiency of the daily routine have been effected—an awning over the kitchen windows, a mixer which very much lessens the work in preparing the poi, the old poi room converted into a room for the frigidaire which can be kept under lock and key, an adequate store closet for brooms, mops, etc., which makes it possible to have enough equipment to do the housework properly, (a part of the trunk room in the basement has been screened off for this purpose), and last, but chief in importance, the purchase of a Crescent electric dishwasher.

We are all proud of our dishwasher, but to the girls probably the outstanding improvement of the year has been the building of a cement track on the playground for roller skating. Formerly there was available for skating only one short stretch of cement walk leading from the main building to the Primary school-house; now this walk has been continued across the playground and

around again to the starting point making a complete circle—"a skating ring" which has been the source of much joy and healthful exercise. An appeal was sent to the parents of the children to help build this ring and they contributed $122.76 of the total cost of $283.00.

Another playground improvement has been a sand-box under the ylang-ylang arbor which, to the delight of the little girls, has been screened in with a little door on spring hinges to let them in while keeping out cats and dogs.

Other new members on the staff this year have been: Miss Alice Leekley of Portland, Oregon, teaching Grade 8; Miss Helen Heist of Salt Lake City, teaching in the High School; and Miss Edwina White of Hollywood, California, piano teacher. These three were appointed by the Board. Not under the Board are: Miss Alice Sutherland of Seattle, High School teacher, and Miss Fraices Hupp of Mechanicsburg, Ohio, teaching Grades 4 and 5. We have been very fortunate this year in having Miss Marie Freeman, a graduate of Christ Hospital, Cincinnati, to carry on the infirmary work in addition to the duties of caretaker of the little girls' dormitory (from early days called "the baby dormitory"). A most fortunate occurrence for us was Deaconess Pitcher's arrival at the Priory only a few weeks before school opened, just in time to take on, at first temporarily but now we hope for the year, the position of Commercial teacher for which we had no one in prospect until she came. She has been a most happy addition to our staff.

I cannot pass from the subject of changes in the staff without mention of the departure from the Priory this fall of our Chinese cook, Chun Say, familiarly known to two generations of Priory girls as Ah See. Ah See had served the Priory faithfully for more than twenty years and we felt his loss keenly. However, we were most fortunate indeed in getting a good man in his place without any delay; undoubtedly it has been an advantage to have new servants, as we all know how unkindly old ones take to changes. It is noteworthy that all the improvements I have spoken of have been made possible by the more economical management of the kitchen, not by cutting down on the quantity or quality of the food but by the elimination of waste.

The school is about the same in size as last year, a total enrollment of 207; 124 Hawaiian and Part-Hawaiian, 19 White, 34 Chinese, 15 Japanese, the others scattered. In the Boarding Department there has been considerable coming and going since September, the total enrollment having averaged about 75. In the High School we have 82, which is the largest High School we have ever had; but the class to be graduated this June is a small one—only nine girls.

On the Sunday before Ascension Day last May, Bishop Burleson confirmed a class of 13. At present two confirmation classes, numbering 66 girls, are receiving instruction; their membership includes all the unconfirmed girls in the school over twelve years of age, not only the candidates for confirmation. From these classes we hope to have a group ready to be presented for Confirmation this May. So far this year there has been but one baptism.

The most recent innovation in the school has been the setting aside of a school period, the last in the day, for an "activities period," for club and class meetings, student assemblies, basketball practice, etc. This has made it possible to provide a time and leadership for the Service League which is now functioning with a voluntary enrollment of 28, all Communicants. It has also revived interest in and increased the membership of the two groups of Girl Reserves, and provided a regular time for Student Council meetings.

The plan of Student Government (or participation) of which I spoke in my last year's report is still on trial, as it were. I am sorry I cannot report great progress, but I feel it is something gained that we have not yet given up trying to work out the problem of discipline along the lines of student responsibility. There have been discouragements; and always there is the difficulty of finding and developing the right kind of leadership. However, I think that those on the faculty who were here last year will agree with me that there has been a much better spirit of cooperation between the Student Council and the faculty this year. This in itself is undoubtedly a great gain.

I must not close this report without mention of the official visit of the Reverend Mother Superior of the Community of the Transfiguration, attended by Sister Edith Constance, which took place last November; they made but a short visit stopping off in Honolulu between steamers on their rway home from China, but it was good to have them with us over Thanksgiving. I am also very thankful to report, and grateful to God for the fact, that we have had very little sickness and no serious illnesses or accidents during the year. With what gratitude for the past and confidence for the future should we not carry on this work for God and the Church in these Islands—a work which on next Ascension Day will enter into its 64th year.

Respectfully submitted,

Sister Olivia Mary, S. C. T.

REPORT OF IOLANI SCHOOL

To the President and Members of the
Twenty-eighth Convocation of the
Missionary District of Honolulu.

Gentlemen:

As a financial report of Iolani School for the year 1929 has already been presented it will not be necessary at this time to dwell upon the finances of the school except to say that thanks to Bishop Burleson, who has been Bishop-in-charge during the past year, some ten thousand dollars was raised which enabled Iolani to begin its school year last September, free from debt. On January 1st the current expenses had been met and twenty-five hundrd dollars was in deposit at the bank towards the expenses during the coming summer months. The increase of the present enrollment which is now 220 pupils against 191 of last year has added some two thousand dollars to the yearly revenue derived from tuition which has made it possible to meet the monthly expenses. The financial condition of the school is now much better than it has been for some years.

The nationalities of the 220 students now enrolled are as follows:

Japanese	94
Chinese	84
Hawaiian and Part-Hawaiian	18
Caucasian	7
Portuguese	4
Other Nationalities	3
Korean	10

The classes range from the first through the senior class of high school. In addition to this there is a room devoted to the teaching of special English which is composed of adult students many of whom are American citizens but who have lived years in the Orient. The elementary department is composed of 95 boys, the junior high school has 54 students, and the senior high school has an enrollment of 71, seven of whom take special work.

Five years ago this school was placed on the accredited list with the Department of Labor at Washington which permitted us to receive non-quota immigrant students of high school standing from foreign countries. It was thought at the time that this might be a means of receiving students from our own church schools in the Orient, and whose idea was to come to the United States for further study in English to prepare them for institutions of higher learning. This has not proved satisfactory as the objective with many has been to come to the islands to live with relatives. The

difficulty for the principal has been to decide whether they are bona-fide students or not, and this must be determined by correspondence. St. Paul's Academy of Tokyo has been of great assistance as students have at times been examined there and a written report forwarded to the school. In view of the fact that this experiment has not proved satisfactory because many of those who have come to us are not students at all and that in numerous cases have held up the class room work because of inadequate English, it is recommended that with the approval of the Warden that Iolani be dropped from the list of accredited schools in Washington. Iolani now has enrolled 23 non-quota immigrant students. In justice to these students it may be said that the majority of them are now doing creditable work and several have proved themselves superior students. One of these young men was Y. K. Lee who graduated last June and received the first prize of $20.00 in the territories of Alaska, Philippines, and Hawaii for an essay entitled, "Chemistry, In Its Relation To Agriculture," which was awarded by a mainland firm.

During the past year our students have entered nearly all the local contests sponsored by this community and have done much to raise the standard of the school.

I should like at this time to show my appreciation for the splendid interest and assistance given by Mrs. Wade Warren Thayer, who, for the past five years, has raised four scholarships and been interested in five boys who came to us from the Shriners' Hospital. The oldest, Thomas Sanderson, who is confined to a wheel chair, graduates this June, and is to be recommended by Miss Babcock of the psychology clinic of the University of Hawaii for a scholarship for courses in draftsmanship. It is hard to realize that this boy lay for years in a helpless condition and for long periods refused to even speak. He has prepared himself for University in six years. Every one of these five boys are good, worthy students, and Mrs. Thayer's devotion is a lesson to us all in that practical religion which makes itself known and felt by going about doing good.

It has been the purpose of this report to dwell at some length on the student body of the school for the reason that many of our Church people are not in sympathy with Iolani or its needs. They feel that the work is not worth the struggle to make it a self-supporting well equipped school. Very few even visit the school to find out whether their opinions are justified.

One of the changes found in students noticeable to teachers is that of conduct. They appear to acquire certain ethical values that they apparently did not have before entering school. This is due to religious influences—their contact with Christian teachers, their attendance at daily Chapel and their instruction in Christian edu-

cation. If this is not true why are we often told that Iolani boys are different than boys who come from other schools of the city. Last year a young Japanese graduated from Iolani who is now at the University. He went to no other preparatory school but Iolani. He supported himself and father and mother by teaching in a Japanese school connected with the Buddhist temple. He often said he knew he was Christian but for family reasons he could not give up the Buddhist faith. He has now gotten the Buddhist authorities to revise their hymn book as he says he cannot sing Buddhist hymns to Christian tunes. The fact that he has not been confirmed does not mean that Christ has not come into his life. It appears to be a difficulty that confronts many religious workers who come in contact with the young of today who have no inherited Christian background that they are willing to accept the privileges of Christianity but do not wish to become Christian through the channels of baptism and confirmation. But the Christian influence is still there and well worth while even if our success cannot be measured by numbers.

Of the fifteen teachers that compose the faculty eight are men which is a large number than of previous years. The principal wishes to express his appreciation for the very satisfactory work that the faculty is doing and the very fine spirit of loyalty that has been shown him by all connected with the work. To those who have helped with their advice in the administration of the school affairs during the past year he is sincerely grateful.

Respectfully,

THURSTON R. HINCKLEY,
Principal.

The President then stated that the status of the Church of England Mission to seamen had been changed and that now it was known as the Seamen's Church Institute of America, thus coming directly under the American Church. The President then called for a report on the activities of this institution and the following was submitted:

REPORT OF SEAMEN'S INSTITUTE

REPORT OF THE CHANCELLOR

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

By Article XIV of the Constitution of this Missionary District the Chancellor is constituted "the legal adviser of the Ecclesiastical Authority, the Convocation, the Protestant Episcopal Church in the Hawaiian Islands, and all governing bodies of the Church."

Construing this Article as a grant of power rather than a limitation thereof, I have for years attempted to proceed upon the theory that such assistance as the Chancellor of a Missionary District can render should be available, not only to the Church Corporation, its officers and subsidiary organizations, but also so far as possible to Church workers, whether clerical or lay, who are giving their services for the small compensation the Church is able to pay them.

I have, as Chancellor, written thirty-five (35) letters, mainly with reference to collections of accounts due the Church organizations, a few however dealing with personal affairs of some of the Church workers. I have had twenty-four (24) conferences at my office with various representatives and employees of the Church; have drawn three powers-of-attorney, two deeds, one will, have made two appearances in court, and have collected or assisted in the collection of approximately $1,100. I regret to state that I have been unsuccessful in attempting to collect almost as much more, although the same is legally due the Church or its workers, partly for the reason that the accounts were allowed to run for too long a time before being given me.

It is hardly fair to expect or require the heads of the various agencies such as schools to be responsible for the collection of accounts due their respective agencies. They are primarily teachers and workers, and their main interest is in the welfare of the children entrusted to their care. On the other hand, I can see no reason why those to whose children or other dependents the Church, through its schools and similar agencies, is furnishing instruction, lodging, food, clothing and so forth at the lowest possible charge, but at a rate which is usually known and stated, should feel that because it is the Church, they may avoid the payment thereof. I hope some method may be devised by which such accounts may be handled through a control agency of *laymen*, whose duty it will be not only to relieve the Church workers and officials from this duty, but also to place the collections of such

accounts upon a more business-like basis or rather a basis which will, I believe, be fairer to all concerned.

Respectfully submitted,

ARTHUR G. SMITH,
Chancellor.

Honolulu, T. H., March 1, 1930.

REPORT OF ST. MARY'S CHILDREN'S HOME

St. Mary's Home is now in its twelfth year and is caring for thirty-nine children of six different nationalities, nearly half being Hawaiian or Part-Hawaiian.

In 1928 St. Mary's was allowed a share in the United Welfare Fund which relieved us of financial anxiety. At present fourteen of the children are maintained free; eighteen have $10.00 a month paid for them, ten by the City and County treasurer, three by St. Clement's Church, and five by relatives or friends; one has $16.00; and six have $15.00 paid for them. This brings in $286.00 a month to which the Welfare Fund adds $375.00 which gives an average allowance of a little over $16.00 a month for the maintenance of each child.

We are most grateful for the help given to us by the United Welfare Fund as it enables us to care for the children much more efficiently and it is hard to see how we ever managed without it. Still it has tis disadvantages in this way—while receiving this money we may not admit any child into the Home except through the court or the Child Placement Committee, and it has been the policy of the latter this past year to place, as far as possible, all children in "foster homes" instead of in the institutions regardless of applications and wishes of the friends of the children. On two occasions it took persistent effort on the part of our Clergy to have our own needy Church children placed with us.

St. Mary's Home is really a Home and not an institution. It is a Christian Home in which religious training is a part of every-day life and in that lies one of the advantages over the average "foster homes."

Regular habits of sleep, cleanliness and exercise and sufficient well balanced food keep our children up to normal weight and in excellent health.

A visit to St. Mary's will convince any one that a very happy family lives there.

Under communications from the President the following was presented:

RESOLVED, That this Convocation gives its hearty endorsement to the proposal to reorganize the financial administration of the District, in such manner as will (1) not only relieve the Bishop and other clergy of all unnecessary business details; but will (2) also coordinate the various financial methods at present operating in the Parishes, Missions, and Institutions of the District, in accordance with the Canons of the general Church and of this Missionary District.

RESOLVED, That a Committee consisting of the Bishop, the Dean, and three others be appointed by the Chairman, to take this matter of reorganization in hand at once, with power to act.

RESOLVED, That this Committee be authorized to expend such sums as it deems necessary to establish a treasurer's office or department, provided that the responsibility of obtaining any sums above the amount which may be available for the purpose under present appropriations shall be borne by the Committee.

The Resolution was considered separately and adopted section by section as read, with the exception of section which was amended by changing the words "for the purpose under present appropriations" to read "for the purpose from existing sources."

It was then adopted as a whole.

The President appointed the following Committee to carry out the intent of the preceding resolution:

The Bishop,
The Secretary of Convocation,
L. Tenney Peck,
Mr. Herman von Holt,
Mr. F. F. Fernandez.

The appointments of Standing Committees for 1930 were made as follows:

REPORT OF THE SECRETARY OF THE BOARD OF DIRECTORS

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

Gentlemen:

Your Board of Directors have only held two meetings during the past year. The principal business done by your Board was the completion of the selling of the strip of land in front of St. Elizabeth's to the City and County of Honolulu for widening King street and the tearing down of the frame buildings on the old Iolani property together with routine work.

There has been nothing definitely done in regard to the financing of Iolani School debt waiting until the new Bishop was elected, nor of the sale of the piece of property that the Church owns at Waialua.

Respectfully yours,

GUY H. BUTTOLPH,
Secretary.

REPORT OF THE TREASURER OF THE BOARD OF DIRECTORS OF THE PROTESTANT EPISCOPAL CHURCH IN THE HAWAIIAN ISLANDS

Honolulu, March 1, 1930.

To the President and Members of the
Twenty-eighth Annual Convocation of the
Missionary District of Honolulu.

There is nothing of particular interest to report for the year 1929. During the year the total assets of the Corporation increased $5,999.81; our Endowment Funds were increased by $7,659.00; and our Notes Payable were decreased by $3,114.85.

The chief problem for the coming year is the debt incurred in establishing Iolani School in its present location, which still totals $100,000.00, and for which there are only sufficient funds on hand to pay interest charges to March 31, 1930.

Attached hereto are the Balance Sheet showing the financial condition of the Corporation at December 31, 1929, together with summary of cash receipts and disbursements, and summary and detailed accounts of our Endowment Funds and the income received therefrom.

Respectfully submitted,

JAN. F. MOWAT,
Treasurer.

"He shall give bonds in such sum and manner as the Board of Directors shall prescribe.

"The Board of Directors may at any time require that all checks, notes or other evidences of payment or indebtedness shall in addition to being signed by the Treasurer, be also countersigned.

In connection with the address by Bishop Burleson at last year's Convocation and the comments made then relative to the Endowment Fund for the Episcopate, Mr. Smith called attention to the Canons, and offered the following resolution:

RESOLVED, That each Congregation in this Missionary District shall forward to the Treasurer of the Convocation at least two weeks prior to the date set for the Meeting of the Annual Convocation, its annual offering for the Endowment of the Episcopate, collected as required by Section 2 of Canon XV of the Canons of this District.

This Resolution was adopted.

The following Resolution was also made, and adopted by a rising vote:

RESOLVED, That we, the members of the Twenty-eighth Annual Convocation of the Missionary District of Honolulu, do hereby on behalf of this Missionary District, express our deep and sincere appreciation of the assistance rendered to us by the House of Bishops, the visiting Bishops, and in particular of the unselfish and devoted work among us and on our behalf of the Rt. Rev. Hugh L. Burleson, who, as Bishop-in-Charge, came to us as a stranger, and became and remains a loving and loyal friend.

The President here asked the question: "What has become of the 'Hawaiian Church Chronicle?'" A general discussion followed on the usefulness of the paper for publicity purposes as well as its being the mouthpiece of the Bishop and of the Church in this Diocese, and that it could be made the mouthpiece of all the Clergy, after which the following Resolution was adopted:

RESOLVED, That it is the sense of this Convocation that the President be requested to appoint a Committee of not less than three persons with authority to act in all things necessary for the purpose of continuing the publication of the Hawaiian Church Chronicle.

Carried.

Dean Ault suggested that if there were any objections to apportionments made by the Board of Equalization, that these objections should be voiced at this time. Mr. Wm. Beers of the Church of the Holy Apostles (Hilo), rose and stated that he had come to object, but that, after hearing the various reports, he believed Hilo's share was equitable.

The President then suggested that, in preparing a report of this Convocation, a new and complete order of business be included.

At this point of the meeting the President read into the record several telegrams of congratulations from various Bishops on the Mainland, and they are set forth herewith:

From Bishop Burleson:—"Delighted inform you no cut mission field nineteen thirty."

From Bishop Mize:—"Affectionate greetings and Prayer on this great day. Deepest regret I cannot be with you. Am slowly improving."

From Bishop Sanford:—"Loving welcome from Eighth Province to its youngest Bishop."

From Bishop Booth:—"Thanks for message. Heartiest good wishes."

From Dr. John W. Wood:—"Hearty congratulations. Arrive Malolo March twelve, proceed Korea March fourteen. Hope see you; reserve hotel room."

Mr. Guy H. Buttolph then moved that the Treasurer be instructed to pay out of the Convocation Expense Fund the incidental expenses connected with the Consecration of Dr. Littell, and that a vote of thanks be extended to Mrs. L. Tenney Peck, who had raised the money for the traveling expenses of the visiting Clergy and their wives. Seconded and carried.

A motion was made, seconded and carried, that the Secretary of Convocation and Stenographer be paid $50.00 and $10.00 respectively.

Mr. Arthur G. Smith made a motion, seconded and carried, that the minutes of the business meeting of Convocation be read and passed upon by the Bishop, and after correction and approval by him, the same be signed and printed in the Journal.

At 5:30 o'clock p. m., after the benediction had been pronounced, the business session of the Convocation adjourned sine die.

I hereby certify to the correctness of the minutes of the Twenty-eighth Annual Business Meeting of the Convocation of the Missionary District of Honolulu as set forth in the foregoing.

S. Harrington Littell,
Bishop of Honolulu.

I hereby certify that the foregoing is a copy of the minutes of the Business Session of the Twenty-eighth Convocation of the Missionary District of Honolulu.

W. Ault,
Secretary.

ADDRESS BY THE RIGHT REVEREND HUGH L. BURLESON, D.D., ACTING BISHOP OF HONOLULU DURING THE YEAR 1929

Dear Brethren in the Missionary District of Honolulu:

Once again it is my privilege to have a part in your Annual Convocation. I am to speak my final word as your acting Bishop, and shall then hopefully and joyfully hand on the torch to the able and enthusiastic younger Bishop who has been called to be your leader.

Rarely, in an experience of service which is now growing to be a rather long one, have I found greater satisfaction and larger encouragement than in these days through which we are passing. I look forward with confidence to great things which shall come from the beginnings which are now being made.

Deaths During the Year

As is the custom in all Dioceses of the Church, we first make record and remembrance of those leaders who since our last assembling have been called to their rest and reward. Within the last five months seven of our Bishops, many of them among the most distinguished, have been summoned into the larger life. Among these the first to be called was he who was also first among his brethren, the Most Rev. John Gardner Murray, Bishop of Maryland, and also Presiding Bishop of the Church. Very suddenly, on October 3rd, in St. James' Church, Atlantic City, while presiding over the meeting of the House of Bishops, "He was not; for God took him." As our first elected Presiding Bishop he laid foundations and created traditions upon which the office will hereafter be administered. Coming into the ministry from a successful business career, in the prime of life, he united in his person the gifts of administration, and the graces of the holy and

apostolic life. The impression he left upon the Church is deep, and will be lasting, and the love and veneration felt for him are as wide as the contacts which he made. It was cause for profound grief that he could not have filled out the term for which he had been chosen.

Davis Sessums, for thirty-eight years Bishop of Louisiana, was a leader in the Church of the southland. He was so youthful when called to this high office that he was compelled to wait in order that he might reach the necessary age for consecration. His ministry extended through more than a generation, and was blessed with large fruitfulness.

Lucien Lee Kinsolving, Bishop of Southern Brazil, was among the distinguished pioneers of our missionary enterprise. While in the Virginia Seminary he, with three others, determined to undertake work in South America. This was a new venture, and required great faith and courage, but it was richly blessed. He lived to see the work excellently established and receiving the hearty approval and cooperation of the entire Church. A year ago he retired, leaving a record of service which will endure in the annals of Church.

Theodore Nevin Morrison, Bishop of Iowa, also among the elder brethren, had given rich years of service in the middle west. After a successful rectorship in Chicago he became Bishop of Iowa in 1899. His death by an automobile accident was a great shock to his wide circle of friends and affectionate admirers.

Beverley Dandridge Tucker, for twenty-four years the beloved Bishop of Southern Virginia, was a man of apostolic heart and missionary fervor. The majority of his family of thirteen children became missionaries in the Church, establishing a record unique in her annals. He represented in himself the best traditions of the "Old South."

Charles Palmerston Anderson, who was elected on November 13th to succeed the late Presiding Bishop Murray, had held the high office for only eleven weeks when death called him on the morning of January 30th. He was an outstanding figure in our Communion, and was recognized as one of the foremost preachers in America. His gifts of mind and heart made him a power during his thirty years as Bishop of Chicago, and commended him to his brethren as the fitting one to be chosen as the leader of our Communion. Short as was his term of office, he had already gained the confidence and affection of his associates, and we looked forward to great things under his leadership. He had, indeed, made important beginnings which gave promise of vigorous and able administration, and which will have their influence upon our future.

On Wednesday last occurred the death of Arthur C. A. Hall, for thirty-six years the Bishop of Vermont. He was a man of

great spiritual power, and was a distinguished and able leader in many features of the Church's life. As a missioner and preacher he was superior, and was recognized also as the leading canonist of our Communion; clergy and Bishops turned to him for advice and help in matters devotional and spiritual, and found a ready response. His high character, sound wisdom and spiritual vision were everywhere recognized.

For these and all others who have served Our Master with faith and devotion in the year that is past, and who now rejoice in the fullness of His nearer Presence, we give thanks and praise. May they find light and peace with Him Whom they served.

The Record of the Year

Since I last addressed you in this Cathedral, on April 28th, 1929, there has been no Bishop in residence, and therefore the record of official acts is necessarily brief. I was able, after the last Convocation, to remain a few days and to complete the confirmations for the year. The number will be found included in the following summary of statistics.

Statistics—1929

Clergy: Priests, 17; Deacons, 1; Total, 18.
Congregations: Parishes, 3; Missions, 18; Unorganized Missions, 2; Total, 23.
Deaconess: 1.
Lay Readers: 16.
Postulants and Candidates: 1.
Church Schools: 9.
Value of Church Property: $739,441.71.

Summary of Episcopal Acts

Confirmations: By Bishop Burleson, 49; by Bishop McKim, 1; total, 50.

Dedication: Bishop Restarick House, St. Mary's Mission, Moiliili, by Bishop Restarick, Sept. 3rd, 1929.

The Rev. Woo Yee Bew, the senior on our clergy list, died in Hongkong, January 20th, 1930, while on a visit to his native land. Entering upon his work in 1892 he built up our Chinese Mission at St. Paul's Chapel, Makapala, Island of Hawaii, remaining there through most of his active ministry; latterly he served in the Mission work in Honolulu. He was always a humble and faithful servant of Our Master.

In addition to the sixteen clergy reported as canonically connected with the District, the Rev. W. A. Allan is giving temporary service in connection with the work at the Cathedral.

On November 30th, 1929, occurred the death of Mrs. Elizabeth Wallace, wife of Canon Wallace, of the Kona District, Island of Hawaii. I shall never forget my visit to their hospitable home in peaceful Kona, where for twenty-five years she was the gracious mistress, honored and beloved. Our loving sympathy goes out to Canon Wallace in his great loss.

Events of the Year

As indicated in the above necrology, the Church has passed through a period of tragic bereavement since last we met; two Presiding Bishops have died in office, and twice the leadership has reverted to the Senior Bishop, the Rt. Rev. William A. Leonard of Ohio. Never in our previous history has there been such an occurrence. It is a great comfort and satisfaction, however, to state that the work has gone on steadily and well in spite of bereavements, and that these events, which might easily have brought difficulty and disorder, only go to prove how sound is the heart, and how adequate are the methods of the Church's administration. Leaders may pass, but the work goes on. Again the House of Bishops has been called to meet in Chicago on March 26th, to choose a Presiding Bishop; devout Churchfolk should make their prayers that the Spirit of God may guide the choice.

Honolulu has had a conspicuous place in the thought and action of the Church. At each of the two last meetings of the House of Bishops a choice was made for the Episcopate of Honolulu. On October 3rd, in Atlantic City, the choice fell upon the Very Rev. Harry Beal, Dean of the Cathedral in Los Angeles. This choice was completed and was announced by Bishop Murray only a few months before his death. For personal and other reasons Dean Beal, after careful consideration of the call, felt obliged to decline; and again at the meeting in Washington on November 13th an election was held, resulting most happily in the choice of your present Bishop. Much thought and prayer has been given to your need in Honolulu, and many are rejoicing in the outcome.

After the declination of Dean Beal it was feared that there might be some considerable delay in securing a Bishop; we may all congratulate ourselves upon the promptness with which your need has been met, and the person upon whom the choice has fallen. There are, I am sure, good and fruitful days ahead for the Church in these Islands of the Sea.

Another matter of general interest should be mentioned. In the closing months of 1929 it seemed probable, and almost inevitable, that there should be a retrenchment in our missionary work. The death of Bishop Murray had removed our leader, and Bishop Anderson had not yet been able to take up the responsibility; the giving of the Church was not maintaining the level

of the previous year, and the pledges for our work in 1930 indicated a considerable shrinkage in support. As the result of a campaign of information and stimulation, undertaken with the cooperation of Bishop Anderson, the whole outlook was changed within six weeks, so that when the National Council met on February 13th, not only had the receipts for 1929 passed beyond any previous figure, showing a collection of 100.3% of all pledges, but the promises for the current year had been increased by approximately $100,000. By making rigid reductions in the schedule of expenses at Headquarters the Council was able to announce that it had balanced the budget without cutting a single dollar out of the mission field itself. This was joyous news for those of us who had seen the disastrous results of previous cuts, and in our own mission work had suffered thereby. It proved that the heart of the Church is sound, and that She will respond to the need when it is made clear, and the call is made definite.

The District of Honolulu

There are some items in your own history which should be made a matter of record. Largely through the initiative of Bishop Restarick, and the fine cooperation of Governor Judd and Mr. McKay, a much-needed new building has been erected at St. Mary's Mission, thus giving an adequate equipment for that admirable and growing work. Bishop Restarick dedicated the building on September 3rd.

By grant from the undesignated legacies of the National Council, added to local gifts, additional property has been bought and an excellent new hall erected for school and kindergarten purposes at St. Mark's Mission, Kapahulu. This establishes on a firmer basis one of our admirable pieces of social and religious work among the Oriental peoples.

Another grant from the undesignated legacies of the National Council has completed the equipment of the Parish Hall of our Chinese Mission at Makapala, Island of Hawaii.

The congregation of All Saints' Church, Kapaa, Kauai, have taken a great step forward by the erection of a Parish Hall at the expense of some $14,000.00, of which $10,000.00 has already been paid. Following upon their erection of their new Church last year, this is a remarkably generous and competent achievement.

The enthusiastic efforts of the Woman's Auxiliary of the District have resulted in the payment of the debt and the complete renovation of the Bishop's House at an expense of some $6,300.00, with all bills paid, thus providing a fitting home for Bishop Littell and his family. The Convocation might well express its

cordial appreciation of this fine service, in which I am sure your new Bishop will heartily join.

In my address to you last April I urged the initiation of a fitting memorial to the late Bishop LaMothe. Feeling that action should not be delayed until the arrival of your new Bishop, but that you who knew and loved him should plan some means for enshrining his name in an enduring form, I ventured to suggest as the object of such memorial a sum of $300,000.00 to pay for land and temporary buildings, to erect adequate permanent buildings, and to lay foundations for a proper endowment for Iolani School. This suggestion was recommended to your Convocation by a special committee appointed to consider the matter, and was approved by the Convocation. Before leaving for the mainland I appointed the members to the Committee, and held an organizing meeting. Those constituting the Committee were: The Hon. Lawrence M. Judd, General Chairman; Mr. George Denison, Executive Chairman; Governor Farrington, Mr. George Cooke, Mr. Robbins B. Anderson, Dr. James A. Morgan, Mrs. von Holt, Mrs. Lowrey, Mrs. Frear and Mrs. Richards. Apart from organization and general initiation no active effort towards achieving its objective has yet been undertaken by the Committee. This was scarcely to be expected, in view of the vacancy in the episcopate and the uncertainty caused by the declination of Dean Beal. It is, of course, the Bishop who must lead in these matters, and who must decide what form the future of Iolani should take in order to best serve the needs of this Missionary District. I am not disappointed that more progress has not been made, for I am sure that Bishop Littell will actively interest himself, and will have the fullest support of the Committee, the members of our own Communion, and the interested people of the Islands. It is the next great step to be taken for the building up of our work in Honolulu.

In this connection I am glad to state that the National Council has placed among the objects of the Advance Work Program the sum of $50,000.00 to be raised for this Memorial Fund for Iolani School. I understand that one of our most important dioceses has accepted this amount as one of its objectives, and I have no doubt that the sum will be obtained. This should be not only a large incentive, but a promise of complete success for the entire project.

I would add a general word with regard to the Advance Work Program. The apportionments made to the Dioceses of the Church in each Triennium do not provide for buildings and equipment, they represent only the needs for support of the going work; yet workmen must have tools and missions need equipment. It is, therefore, the purpose to conduct in each Triennium a campaign for what is called the "Advance Work." The sum to be

raised in 1930 for this purpose is set at $1,500,000.00, to cover 168 different projects scattered throughout the world-wide field. The District of Honolulu has a generous proportion of this amount, represented under two items; the $50,000.00 mentioned above for Iolani School, and $10,000.00 for a new Japanese Church. The latter amount has already been given by the Woman's Auxiliary and the Diocese of New York.

Each Diocese and Missionary District is expected to assume a proportion of this program, amounting to about 50% of their annual quota for maintenance. This would mean that the District of Honolulu would be expected to provide, in some other mission field, equipment amounting to perhaps $3,000.00—a very small amount compared with the $60,000.00 which is allocated to your needs. This is not to be an enterprise of the Woman's Auxiliary only, though they are to share in its achievement; it is to be a gift of the whole District. I would suggest that this Convocation should cheerfully accept its share of this Advance Work, and ask that an item be allocated to it.

I cannot close this address without words of a more intimate and personal nature. May I venture to say how happy I have been in my relations with you, and how greatly I appreciate the generous kindnesses shown. It is not easy to come in as a stranger and take up the work of a Bishop in succession to one so beloved as your late leader, but you have made my way easy, and my task a satisfaction. I can only hope that I may have been able to give to you something in return for the kindnesses which you have showered upon me.

Particularly do I rejoice in the events of these last days, and the installation of your new Bishop. I have known and loved him from his youth, and I venture to say that no better choice could have been made for Honolulu. I am glad to feel that I had a little part in the result. In the intimate and beautiful consecration service of last Thursday I felt the pledge and promise of a worthy future for the Church in these Islands, and I shall go my way to other duties confident that you have the leadership which will mean true spiritual success. May God bless you richly in every good way and work, to the glory of His Name and the upbuilding of His Kingdom!

"And now, brethren, I commend you to God, and to the word of His grace, which is able to build you up, and to give you an inheritance among all them which are sanctified."

BISHOP'S CHARGE DELIVERED AT THE 7:30 P. M. SERVICE, SUNDAY, MARCH 2ND.

(In Part)

Romans 15:29: "I am sure that when I come unto you, I shall come in the fulness of the blessing of the Gospel of Christ."

St. Paul's confidence in his power to carry blessing with him is magnificent. It sprang from his personal knowledge and experience of Christ. He said: "I know whom I have believed." He was bold and fearless and confident in preaching Christ because he knew he had hold of One whom the world needs. He was so sure of this that he consecrated his life to that Person and to making Him known to all men.

Last Thursday in this Cathedral another life was consecrated to the service of that same Person. We were inspired to an unusual degree at the Consecration of a Bishop; and yet I know that many of us felt that it was not merely an individual who was being consecrated that day, but rather the entire congregation assembled in the building. It was even more than that; it was the consecration of the men and women of this entire Missionary District to the service of Christ and His Church. We are all consecrated anew, and are to go forth carrying with us wherever we go "the fulness of the blessing of the Gospel of Christ." You and I can speak on behalf of our Master with the same kind of confidence and assurance that St. Paul had. We need to learn how to bear our witness more naturally and easily, and to speak on religious subjects, as we find opportunity with a conscious resolve to share with others "the fulness of the blessing of the Gospel of Christ."

(The Bishop then outlined briefly what he felt to be some of the obvious and pressing needs of the Church work in the District such as (1) greater emphasis upon the work in the other islands, and better understanding of the work and the needs of the District as a whole, with a greater unification of all the branches of the Church's work. Secondly, the selecting and training of men for the ministry. Third, the development of Iolani School as an institution where definite impress of the Church life of the Diocese may be felt, with possibly the theological training, or pre-theological classes, located on or near Iolani grounds. Fourth, work among the Japanese; the needs being urgent for work among the Hawaiian-born Japanese, as well as among those of the older generation. Fifth, the formulation of a Diocesan program of advance work, comprehensive in its view and aims, as a means of providing definite objectives for our efforts.)

To fulfil the task which God sets before us in these islands is no easy thing to do. It will mean sacrifice of time and strength; it will mean steady earnest prayer; it will mean a spirit of adventure, and a determination to seek first the Kingdom of God and His righteousness; it will mean a new enthusiasm for Christ and His Church in the realization of the fact that we are working on the winning side; that we are joined to the one Universal Body, the Living Church, which exists to witness for God and His truth and to stand for righteousness, peace among men, international

goodwill, social betterment, and individual holiness through the power of Almighty God in the geat company of the faithful in all ages and among all races, as we take our part in making known Him, who is the Way, the Truth, and the Life: the Ideal Man, the Eternal, Son of God, Who satisfies the needs and the aspirations of every human heart. As Bishop Westcott of Durham says:

"If there were found in Him one trait which belonged to some transitory phase of human growth, to a sect, a class, a nation, an age; if there were wanting in Him one characteristic which belongs to the essence of humanity; one virtue which is the peculiar glory of man; we might then look for another to fulfil the higher type which we should be able to imagine. But, as it is, there is nothing which we can remove from His portraiture, nothing which we can add to it, without marring the ideal in which each soul can find the satisfaction of every desire that it would lay open in the light of Heaven."
